## PREFACE

---

The Publishers, in presenting the sixteenth edition of their business and Farmers' Directory for the Counties of Haliburton, Ontario, Peterborough, Victoria and York, have endeavored to merit the approval of the public by presenting a work that will be found complete in every department

It will be found to contain much information of a nature valuable to business men of all branches.

Among the contents will be found the name of each farmer, and whether owner or tenant of a lot outside the limits of each city town or village with post office, lot and concession and a complete list of the towns, with the business people alphabetically arranged, the whole combined making one of the most complete directories ever published.

A work of this kind involves a great amount of expense and labor, and the publishers have spared neither, but have made every effort to make a reliable work worthy of the confidence of the business people.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support we remain

Respectfully yours,

“If you want to know whether you are destined to be a success or failure in life, you can easily find out. The test is simple, and it is infallible: Are you able to save money? If not, drop out; you will lose. You may think not, but you will lose as sure as you live: the seed of success is not in you.”
